THE 2017 EQUIPMENT COLLECTION
ALWAYS INNOVATIVE.
Over the past 149 years, one company has been consistently recognized in the athletic equipment industry — Porter®. Over the years, countless new products and solutions have been delivered to market. While other suppliers have come and gone, Porter is still the industry leader. Our culture has always been and will continue to be built around innovation. Unlike invention, innovation is a continuous process that leads to new ideas, products, and ultimately greater value for the customer.

ALWAYS QUALITY.
Manufacturing quality products is a goal that we strive for everyday. For generations we’ve committed ourselves to building equipment that lasts. Through our commitment to quality products, we’ve built-in the highest durability and supreme functionality, as well as many advances in user safety. Beyond manufacturing a quality product, we’ve also built a quality customer service and support team dedicated to helping you reach your goal.

ALWAYS PORTER.
Porter is committed to serving our customers at an industry-leading level. Our superior technical capabilities, coupled with our dedicated passion for sport, consistently allow us to deliver quality products and services. Our team of engineers, architects, and industry experts continuously push to create the highest performing equipment available. We serve our customers by providing athletic facility equipment solutions that promise to offer decades of satisfaction. It’s a commitment we’ve made since our foundation.

At Porter Athletic, our mission is to continually improve our processes, products, expertise, and service to create superior opportunities for athletic success.

Rectangular Cover Plates & Sleeves

Cover plate and sleeve were designed to solve the expansion and contraction conditions associated with most gymnasium wood floors. This unique design has a slotted opening in the floor plate allowing up to 2\(\frac{1}{8}\)" of movement in the wood flooring. Plate assembly is constructed of stainless steel. This floor sleeve system is designed to be installed after the finished wood flooring is complete.
