1. Slide the net tie-off sleeve onto outside upright assembly from bottom, with net cable hook facing downward as shown. Locate top of net tie-off sleeve in line with pulley sheave.

2. Tighten two set screws securely.

3. Use the 1/4" hole in the net tie-off sleeve as a guide and drill a 3/16" hole through the upright.

4. Insert #12 Phillips head screw and drill it in place.

VOLLEYBALL NET TIE-OFF
Details for Installation

2. Tighten two (2) set screws securely with 5/32" Allen Wrench (provided).

3. The volleyball net tie-off has a 1/4" diameter pilot hole for the screw. Using the pilot hole as a guide, drill a 3/16" diameter hole through the net tie-off and through the post.

4. Drill the screw into the net tie-off and post hole from step 3. Once installed, this will prevent the net tie-off from slipping on the post.

5. If net tie-off needs to be moved a new pilot hole will need to be drilled in the post.

WARNING: This product can expose you to Vinyl Chloride, which is known to the State of California to cause cancer. For more information go to www.p65warnings.ca.gov.
