Wall Padding layout Guide:

Other Information: _____

Sketch desired padding layout below.

Complete one layout worksheet for each wall that will be outfitted with protective padding.
Note all dimensions, especially those that do not conform to standard sizes.

Total Wall Length: _____

Remember!

If pads are all not the same color vinyl, note each pad color.

Measurements should be taken off the actual wall, not existing pads

Indicate dimensions of each pad sketched

Sketch and dimension all cutouts, openings, etc.
